MATH 113 INSTRUCTIONS FOR EXAM 2

» Our second exam covers all of the material in our text from the Binomial Theorem up through and including Trees and Vertebrates. It will not cover the material on Catalan structures.
» This is a 50-minute exam that will take place in class on Wednesday, March 11.
» During the exam, you are permitted to reference one double-sided letter-sized ($8.5'' \times 11''$) sheet of notes.
» Calculators, computers, phones, collaboration, books, the Internet, and AI are prohibited during the exam.
» If questions arise during your studying, please feel free to email me or message me on Zulip.

Suggestions for studying for the exam:
(1) Review the text (including the Appendix sections on Mathematical writing and Proof templates). Note that the text has exercises that you should try to solve.
(2) Rewatch the lectures.
(3) Review the group problems up through March 4. There are links to the solutions on the course website.
(4) Review the homework assignments. I will be providing a link to solutions.
(5) Take time to decide what to include in your sheet of notes.
(6) Relax, and try to enjoy the review process. This is fun material!
